Prospectus for 2018 MOST Taiwan Scholarship Program

I. In order to follow the guidelines stipulated by the Ministry of Science and Technology (hereinafter the "MOST") of Taiwan for the implementation of the Taiwan Scholarship Program (hereinafter the "Scholarship"), which aims to encourage outstanding international students to study in Taiwan, as well as promote bilateral scientific and technological exchanges, the Division of Science and Technology at the Taipei Economic and Cultural Office in Hanoi (hereinafter the "Division") set up this prospectus. This prospectus is not applicable to students from Mainland China, Hong Kong and Macau.

II. Scholarship Recipients and Program Curriculum:

The Scholarship, in principle, is granted to students (hereinafter the "Scholarship Recipients") from Vietnam with a total of 10 recipients in 2018. The curriculum available to the Scholarship Recipients is restricted to Master's or PhD programs at Taiwanese Universities and does not include specialized or vocational classes.

III. Over the duration of their studies, the Scholarship Recipients will be given a monthly stipend of NT\$30,000. Scholarship Recipients are responsible for all expenses during their stay in Taiwan. The MOST will not provide any other subsidies.

IV. The award period for the Scholarship is as follows:

1. Master's Programs: two years
2. PhD Programs: three years

An award period must be continuous without interruption. A student who has previously completed a Master's program scholarship may be eligible to apply for the Taiwan Scholarship Program for a PhD program at the attending institution. The maximum total award period for Scholarship Recipients is five years.

V. The Scholarship award period shall be calculated beginning from August 1 of the first year of study in Taiwan to the month during which (1) the award period is set to expire, (2) the Scholarship Recipient graduates, (3) the Scholarship Recipient is suspended or withdraws from his/her program, or (4) the Scholarship is cancelled.

If Scholarship Recipients are unable to arrive in Taiwan in August of the first year of their study, the Scholarship becomes effective from the month of their arrival. However, the award period cannot be extended.

Recipients must arrive in Taiwan and enroll at their educational institutions on time. Unless otherwise approved in advance by the relevant institutions and the MOST, those failing to enroll will be deemed to have given up the Scholarship.

- (9) **A short biography and the study plan.**

VIII. Selection Process

1. Scholarship Recipients shall be selected based upon their ability to promote the scientific research and the cooperation and development of the industries and economies of their native country and Taiwan. Applicants who have worked with national government organizations or scientific research institutions (including universities) shall have priority.
2. In addition to examining the academic records, work experience and recommending the applicants by priority, the Division shall also conduct an interview or accept video to understand the moral character of the applicants.
3. Applicant grade averages shall be above those of students at the same level from local schools.

IX. Scholarship Recipients enrolled in a degree program who do not attend class or leave the country without permission from their educational institutions, except during summer and winter vacations, or when writing a dissertation or thesis, will have their stipends for the months they are absent suspended.

If recipients who have had their Scholarship stipends suspended transfer to another educational institution before the suspension takes effect, the original educational institution must instruct the other in writing to deduct the stipends.

X. The MOST may permanently disqualify recipients from the Scholarship if they:

1. Fail to submit a photocopy of their Alien Resident Certificate (ARC), marked 'Study', to their educational institution at the time of enrollment.
2. Reside in Taiwan for reasons other than pursuing studies.
3. Are expelled or suspended from their studies or given any major demerits by their educational institution as a consequence of violating ROC laws.
4. Are concurrently in receipt of another scholarship or subsidy offered by the Taiwan government or educational institution in Taiwan.
5. Fail to achieve an average grade greater than standard passing grade of the educational institution or a score of 70 percent or above for two consecutive terms.
6. Do not attend class or leave Taiwan for more than two months without permission from

their educational institution, except for summer and winter vacations, or when writing a dissertation or thesis.

Where the situation described in Paragraph 4 arises, the MOST will recover the Scholarship stipends already drawn by recipients.

Educational institutions shall cease disbursing stipends from the month following disqualification.

- XI. Scholarship Recipients enrolled in Master's programs who, upon completion of their award period, wish to stay in Taiwan to enroll in a PhD program must resubmit all relevant documents as stipulated in Article 8 to the Division before February 28 of any given year as if they are applying as a new student. Scholarship Recipients shall also not violate Article 4 herein, stipulating that recipients' award period cannot exceed a term of more than 5 years.
- XII. The process for Scholarship Recipients changing university or educational institution is as follows:
1. After a Scholarship Recipient has been enrolled in a university or education institution for a semester or more, the recipient may apply to transfer to another university or educational institution in accordance with the standards and regulations of the university or institution the recipient is currently attending. Recipients on degree programs are allowed to transfer to another university or educational institution once only.
 2. When a Scholarship Recipient transfers to a different school or changes to a different degree program, the recipient must resubmit an application to the Division. The Scholarship Recipient shall only transfer schools or change to a different program once per degree level.
 3. If a Scholarship Recipient has not reached the end of one's Master's Degree award period and has been approved to enter a PhD program, the recipient must fill out and submit the scholarship application through one's attending institution, the recipient's report card in Taiwan, and the Letter of Approval to enroll in the PhD program to the MOST for approval and a change of the Scholarship Recipient's level and period. The MOST will then notify the institution, the unit designated by the MOST and the Division of the approval result.
 4. When a Scholarship Recipient transfers schools or programs, the original attending institution shall state the recipient's status and the beginning and expiration date of the Scholarship Recipient's award period, and report the information in a letter to the institution to which the recipient is transferring. The transfer institution shall express consent and the date the Scholarship Recipient enrolls in the institution, and then report the information in a letter to both the Scholarship Recipient and the previous attending institution. Both the previous attending and transfer institution shall then notify, via letter containing the aforementioned documents, the MOST and the Division and the unit designated by the MOST.
